

Grace Strang

FRONT-END WEB DEVELOPER

A Front-End Web Developer passionate about turning beautiful, modern designs into code. I am a team player and focused on the details – specializing in scalable, responsive, cross-browser friendly and SEO-optimized websites.

EXPERIENCE

The Adsmith: Advertising, Design, & Web Creative | Athens, GA

Front-End Web Developer, May 2018 – Present

- Successfully managed and coordinated over 20 major custom web projects from inception to launch, working closely with designers and clients on cross-browser, viewport and end-user compatibility
- Gained invaluable experience in various CMS platforms, conducting quality assurance and building a diverse range of websites

The University of Georgia: Franklin College | Athens, GA

Front-End Web Developer Assistant, May 2017 – May 2018

- Migrated over 20 legacy Drupal 7 sites to a custom Drupal 8 theme before Drupal 7 end of life
- Carefully adhered to UGA's new branding guidelines and web accessibility standards in website design and development

Allison Skinner Web Design & Development | Athens, GA

Contract Freelance Front-End Web Developer, Jan 2017 – Present

- Contracted to build several custom WordPress and Drupal sites

Prolifik Marketing | Athens, GA

Web Development Intern, Sep 2015 – May 2017

- Initiated responsive design audits, SEO optimization efforts, and engaged in brand strategy and web development efforts for local clients
